Kentucky Crop Report.

The latter half of June was unfavorable for farm work of all kinds. Continued rains have retarded the cultivation of corn and tobacco; consequently, these crops have suffered for want of proper cultivation. There is quite a number of complaints that wheat is sprouting in the shock. It is difficult to estimate the damage done in this way, as only a small part of it has been threshed. Barring the damage done by recent rains, the oat crop is a good one—probably the best for several years. The rye crop is a fair one. With good weather to cultivate the tobacco, it promises a good one. The acreage of burley seems to have a small increase over last year. There is a material falling off in acreage of the dark types. Grasses promise excellent results, except in a few counties, where timothy does not seem to have done well. The potato crop is full up to an average. Live stock, generally, in good condition, one county reporting "pink eye" in horses and one reporting same disease among cattle; only one county reporting any disease among hogs.

Increase of Taxes.

The State Board of Equalization has completed its work for the present year and has certified to the Auditor of Public Accounts for collection taxes for State and county purposes aggregating \$3,222,445 45. The increase in taxes over last year is \$38,724 43. Of the aggregate Powell county pays \$3,942 45. As compared with last year there is an increase in the value of taxable property of 13,840,234. The greatest increase is in the value of farm lands, which amounts to \$10,447,177, the average equalized value per acre being 11.07.

Difference Between Farmer's Wife and City Wife.

Last week the editor of the *Agriculturist* was at Midway, Kentucky, when an accomplished lady sitting in a surrey was pointed out as a model woman and wife, who could manage a farm as successfully as any man, says the *Southern Agriculturist*.

What is the difference between the farmer's wife and the official or salaried man's wife? The farmer's wife makes her labor profitable. At the same time she is caring for her home and rearing her children, while the city woman is merely keeping house on her husband's salary, not being herself a producer. Generally, in a few years, the farmer has a home and a business of his own, while the salaried man is still upon a salary, with no brighter prospects than when he began.

This is an argument why the girls should qualify themselves for domestic duties of rural life, as there is more profit and pleasure in well managed homes than a city life, where you have to buy the very water you drink. The county woman is the happiest of women.

A dollar always looks bigger when you pay it back than when you borrow it.

Teachers' Institute in Clay City.

The Powell County Teachers' Institute will convene in Clay City next Monday with Prof. W. R. Eubank as principal. This will be the first ever held in this city but we assure these worthy teachers that they are welcomed by everybody in Clay City, who also wish them a pleasant and profitable session.

Navigation Suspended.

Navigation on the Kentucky river above Valley View has been suspended on account of repairs on the locks at Valley View which were damaged by high water last winter. At first, it was thought the damage would not exceed \$10,000, but the engineers now say it will take much more to repair the locks.

Local option carried at Ford by a majority of 121. Ford has been under local option rule for some time and they seem to be well satisfied with its workings.

Three Good and Just Reasons.

There are three reasons why mothers prefer One Minute Cough Cure: First. It is absolutely harmless. Second. It tastes good—children love it. Third. It cures Coughs, Croup and Whooping Cough when other remedies fail. Sold by M. Rose.

Rockefeller, it seems, would prefer a cheerful receiver to a cheerful giver.

There has been \$2,000,000 expended in buildings in Louisville since January 1st, and others to be erected during the present year will bring this amount up to 5,000,000. This shows what the metropolis is doing, and it is about ten times better than Cincinnati can report.

Indigestion Cured.

There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. The constantly increasing use of Kodol Dyspepsia Cure by physicians of hospital and general practice of itself tells how this most wonderful modern discovery has proven to be the greatest digestant for the alleviation of a suffering humanity. Its many cures of both children and adults grows larger day by day. Sold by M. Rose.

They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. Lightning Don't Strike in Cities.

"Lightning never kills people in cities," said a Louisville insurance agent. "My company's statistics show that in cities there is practically no danger of death from lightning stroke.

"Look back and ask yourself if you ever heard of any one being killed by lightning on Broadway, or in front of the Auditorium, or on Beacon street, or on Chestnut street, or on Nicolet avenue? No. It is in the country or in little villages that the all-dreaded thunderstorm does its deadly work.

ANNOUNCEMENT.

We are authorized to announce ALBERT EASTER candidate for Representative in this, the 73rd. Legislative district, composed of Estill and Powell counties, subject to the action of the Democratic party.

The Concealed Weapon.

Police Commissioner McAdoo, discussing the evil of "pistol totting" in America does not fire loose on Kentucky like most Easterners do, but begins at home and says: "The conditions which prevail in New York at the present time are typical, and will serve as well, but no better, to point the moral as those of any other city. There are at the present time about two thousand young men on the East Side who never start out to have 'a time' without equipping themselves with pistols. Perhaps nine out of ten of the crimes of violence which take place in 'Little Italy', 'Chinatown' and the regions thereabout do not reach the newspapers nor become cases of record. They have a way of settling their difficulties among themselves and denying all knowledge of them to the police. "When these two thousand young men, however, range abroad to Coney Island and Harlem resorts, when they get drunk on cheap whiskey, and begin to shoot, endangering the lives of respectable men and women in railway trains they go to prison and frequently to Sing Sing.

Governor Beckham has written a letter to Insurance Commissioner H. R. Prewitt asking him to at once investigate the charges filed with the executive that the fire insurance companies doing business in Kentucky are charging rates that are out of proportion to the losses and much higher than the rates charged in other states. If the Commissioner finds no law to regulate the insurance companies, the next session of the General Assembly will be asked to pass such a law.

Judge Cochran has decided that the Federal court has jurisdiction in the Caleb Powers case just as everybody expected he would do. An appeal to the Supreme Court of the United States has been granted the Commonwealth, but it's of no use, the case will be railroaded through and the guilty turned loose regardless of evidence or law.

The many admirers of Caleb Powers who have been scorching the Democratic officials for not allowing him bail, can now turn on their Republican authorities, who, after taking jurisdiction, also refused him bail and moved him from the Georgetown jail to Newport, though Powers preferred to remain at Georgetown, but

all of this is a pretext and in due course of time Powers will be as free a man as is Taylor.

Some how or other a bad temper wont wear out with constant use.

The proper treatment, in addition to good phosphatic food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nerveine.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX NOT READY MIXED

Important Memorandum—The painter is the most important factor in painting. A job executed by a good painter with the best quality of paint, costing no more than a job done by a poor painter with cheap paint, will last ten times as long. The same paint applied by a painter will last ten times as long as when applied by a poor painter. This is the "get-it-right" principle. It's a saving, not an expense.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a season every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Winchester is trying an experiment of oiling the streets for the purpose of settling the dust, but we don't see when they need it if it is there like it is in Clay City, for the frequent rains have kept the dust laid here for several weeks past.

There is nothing more provoking than an incorrect time piece. If you have a watch or clock of this kind take it to Webb, Clay City's Jeweler and silver smith, and let him fix it. All work guaranteed.

In some of the tobacco growing counties it has been too wet to work the ground and the grass and weeds have grown so fast that some fields after being set in a crop of tobacco had to be abandoned.

Patronize a home industry by buying the best flour—Snow Flake and White Rose.

Plenty of Rain.

The continued heavy rains in this part of the State has greatly injured the growing corn crops on the bottom land in this county, large portions of many fields being completely drowned out. The river, though frequently high, has remained in the banks and wrought no injury. Crops on the up lands are in a very prosperous condition despite the fact that owing to the wet weather, but little work has been done. Work in hay making has been greatly retarded.

Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. CURES STOMACH TROUBLES

THE body gets its life from food properly digested. Healthy digestion means pure blood for the body, but stomach troubles arise from carelessness in eating and stomach disorders upset the entire system. Improperly masticated food sours on the stomach, causing distressing pains, belching and nausea. When over-eating is persisted in the stomach becomes weakened and worn out and dyspepsia claims the victim.

Theodore's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite, with the power to thoroughly digest food.

You can build up your stomach with this mild and natural remedy. Try Theodore's Black-Draught today. You can buy a package from your dealer for 25c. If he does not keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.

He was a student at State College years of '86 and '87. He came to Clay City the fall of 1890 and engaged in the mercantile business.

On May 11th., 1892, he was happily married to Miss Mollie G. Mansfield, of Rosslyn, Ky., by Rev. J. J. Dickey.

In September of '93 he came to Rosslyn and became a successful merchant. About five years ago his health failed and he was forced to give up his business, and seek to recover his health in a Southern clime, (but to no avail, consumption had already made its impress,) and, together with his family, he returned to Rosslyn April 1, and on June 22nd. he peacefully fell asleep in Jesus. He left a father and mother, four brothers and two sisters, a wife and little son.

Mr. Woodward leaves, not only ties by blood, but many who knew him as friend and business man to love him. His name in Powell County is a synonym of business, activity and integrity. His untiring energy and devotion to the demands upon him, doubtless, hastened the close of his life. To him life was earnest and real. It presented a sphere of activity and of service.

He was a man of tender consideration for his family. Among his last words were expressions of regret to leave them so early. He also wished for time that he might devote himself to the Master's service. Let us meet him.

J. O. CRAWFORD.
